Dear Governor,

I'm very glad that NC has you as governor and I hope that you'll stand up for democrats and the climate and oppose the Atlantic Coast Pipeline.

You opposed fracking on the coast, but not the ACP? The ACP disproportionately impacts communities of color, while many wealthy coastal communities are white. Surely you must see the message you are sending when your administration approves of a pipeline that is a major environmental justice issue while standing strong against drilling which many white wealthy people oppose.

Please stand up for communities of color and for the people who support you by opposing this reckless and irresponsible pipeline.

Sincerely,

Kelly Garvy
